

Hallsville Quarter Phase 3 Canning Town

Issue 04 – September 2020

A development by

linkcity

Dear Neighbours,

Welcome to the September 2020 issue of the Hallsville Quarter Phase 3 development newsletter, looking at the latest progress achieved and upcoming milestones.

Works progress

- We have installed our first tower crane along Silvertown Way
- We are installing the new hoarding and refreshing the existing hoarding where needed
- We have started the concrete piles works to the basement - early August on blocks E&F
- The concrete pile caps and foundations works of block D2 on Silvertown Way are progressing
- Essential car park works to connect the Morrison and HQ1 basement car park to the new vehicle access ramp to/from Silvertown Way surface car park will take place on the evening of **Sunday 6th September**. In addition we shall open a new pedestrian walkway from Silvertown Way to Silvertown Square, which replaces the existing pedestrian walkway from the surface car park. We are sorry for the inconvenience but this operation must be carried out when Morrisons is closed and the traffic in the car park is minimum, for safety and logistic reasons.
- We will start the installation of underground services works during the month of September.
- At the end of August, we will start the remaining of the excavation on Morrison's Car Park.

In agreement with the London Borough of Newham Council, the construction working hours have changed to 7:30am to 7pm, Monday to Friday and 8am to 1pm on Saturday.

Events – Ground Breaking Ceremony

On Monday 10th August, the Hallsville Quarter Phase 3 team welcomed the Mayor of Newham and our partners Grainger plc and One Housing Group onto our Hallsville Quarter site for a ground-breaking ceremony to celebrate the start of work on phase three of this significant regeneration project.

Your safety is our concern

Bouygues UK takes every precaution to keep you safe throughout the construction process.

At all times, our site will be secure and surrounded by fencing but building sites can be hazardous places:

- We dig deep holes
- We erect scaffolding
- We use large, noisy machinery

Please do not enter the construction site, unless it is part of a pre-arranged visit by our project team.

- Our operatives and staff are trained to work safely

Please help us to keep you and children safe, and take extra care during the school holidays.

**HEALTH
& SAFETY
A SHARED
COMMITMENT!**

Considerate Constructors Scheme

Bouygues UK firmly supports the aims of the Considerate Constructors Scheme. All of our sites are registered with the Scheme, and regular visits from the Considerate Constructors monitor will help us to ensure that we continue to improve our performance in showing full respect for:

- Appearance
- Community
- Environment
- Safety
- Workforce

Please let us know if you have any concerns.

Our contact details are on the newsletter that you should regularly receive or on the site hoardings.

If you would like further information regarding the Scheme you can visit their website at www.ccscheme.org.uk

Standard site working hours are:

Monday to Friday: 7:30am-7pm

Saturday):
8am-1pm

Want to speak to us?

For more information about the development, please go to <https://hallsvillequarter.co.uk/whats-happening/>. In the next few months, we will update the website with the latest news.

Communication and Community Liaison

We are committed to working with the local community and keeping clear and open lines of communication throughout the construction phase. We have appointed **Myra Carino** as our Resident Liaison Officer. Please do write to us should you have any questions or concerns.
