

Hallsville Quarter Phase 3

Issue 16 – September 2021

A development by

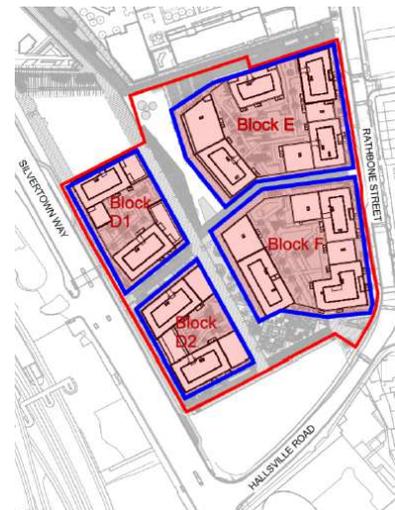

linkcity

Dear Neighbours,

Welcome to the September 2021 issue of the Hallsville Quarter Phase 3 development newsletter, which reviews the latest progress achieved on site and upcoming milestones.

Works progress

- Our structural concrete works reached Level 10 on Block D2 and progress continues as expected. We can now see the two distinctive cores splitting from level 8.
- Structure Works are progressing on the second floor of Block F to complete the Podium slab, where the two residential blocks are starting.
- We are closing the Block E podium slab at first floor and we are also starting the concrete frame on the Western core E3.
- The new CHP boiler installation, part of the HQ1 energy center upgrading works, is progressing as planned.

Events

This month we have two University of London students joining our team at HQ3 for 13 weeks paid work placement. This is to give them experience and knowledge around working on a live construction site.

We also have another two students who have been taken on for a placement year as part of their university training. They will be working with the civils team on site

These recruitments are in line with our London Borough of Newham planning targets.

All vacancies we currently have on site are being advertised through *Our Newham* which is the job-find service for the London Borough of Newham.

Your safety is our concern

Bouygues UK takes every precaution to keep you safe throughout the construction process.

At all times, our site will be secure and surrounded by fencing but building sites can be hazardous places:

- We dig deep holes
- We erect scaffolding
- We use large, noisy machinery

Please do not enter the construction site, unless it is part of a pre-arranged visit by our project team.

- Our operatives and staff are trained to work safely

Please help us to keep you and children safe, and take extra care during the school holidays.

Considerate Constructors Scheme

Bouygues UK firmly supports the aims of the Considerate Constructors Scheme. All of our sites are registered with the Scheme, and regular visits from the Considerate Constructors monitor will help us to ensure that we continue to improve our performance in showing full respect for:

- Appearance
- Community
- Environment
- Safety
- Workforce

Please let us know if you have any concerns.

Our contact details are on the newsletter that you should regularly receive or on the site hoardings.

If you would like further information regarding the Scheme you can visit their website at www.ccscheme.org.uk

Standard site working hours are:

Monday to Friday:
8:00am-6pm

Saturday):
8am-1pm

Want to speak to us?

For more information about the development, please go to <https://hallsvillequarter.co.uk/whats-happening/>. In the next few months, we will update the website with the latest news.

Communication and Community Liaison

We are committed to working with the local community and keeping clear and open lines of communication throughout the construction phase. We have appointed **Myra Carino** as our Resident Liaison Officer. Please write to us should you have any
